

Navigations Icons

Icons provide visual context and exchange usability. Communicate messages at a glance, allow interactivity and draw attention to important information.

They are designed to be simple and modern following the iconographic line of Telefónica. Among them they have a consistent appearance which guarantees readability and clarity, even in small sizes.

The navigation icons that appear below, are usually 16px squares.

Add	Apps	Arrow back	Arrow drop down	Arrow drop up	Arrow forward	Check	Chevron left	Chevron right	Close	Edit	Edit
