Tags are compact elements that represent an input, attribute or action.

## States

These are the different states of the tags.

## Spacing

The maximum characters per pill are 16 mobile / 18 tablet and desktop. For longer texts, the last characters have to be replaced by "...". If there are more than 3 pills selected, the button "+ number" will be shown. Its function is to show all the tags.

The limit of the whole group of pills can be:

- Mobile 2 columns / scroll from two lines.
- Tablet 4 columns / scroll from two lines.
- Desktop 6 columns / scroll from two lines.
